Please see attached for the Temporary Suspension Notice that we spoke about over the phone. I have copied all your advisors, Leadership Consultant and Student Conduct staff.

If you have any questions, please let me know. I will see you Monday.

As a reminder, please be sure to gather your active members for a Chapter Visit on Monday at 7pm.

Thank you

Beta Theta Pi Chapter President

Dear [illegible]

Student Involvement has been notified by the Office of Student Conduct and Community Standards that Beta Theta Pi has been placed on temporary suspension. By University definition, temporary suspension status means that the organization will be officially suspended from the University pending a resolution of the accusation.

Per the Student Organization and Advisor Handbook Section 4 Social Fraternities and Sororities, the chapter is no longer recognized by the University pending the outcome. During the suspension period, the chapter may not conduct any formal or informal business, or participate in University-related activities, whether they occur on or off campus. This includes, but is not limited to: ability to host a party or philanthropy event, eligibility to receive any University award or honorary recognition, participation in intramurals, representation of the University and any travel in connection with such representation of the organization on the governing council, use of University facilities/grounds, participation in competitions, or receipt of future institutional funding.

Re-recognition is possible but not guaranteed and will only be considered after the end of the suspension period. This will be based on meeting all re-recognition criteria and obtaining clearance from the University. Any evidence that members of the chapter have attempted to sustain an unofficial group or organization will result in individual charges and will postpone the chapter’s ability to be re-recognized or recognized in the future. Any further violations of University policy while on suspension will result in more serious consequences imposed.

For reference, this status means that Beta Theta Pi cannot host your Back to School with Beta event tonight, participate as a chapter in Walk a Mile, attend President and Advisors Training or participate as a chapter in the Involvement Fair. Additionally, according to Fraternity and Sorority Life policies, the following will apply to Beta Theta Pi:

As I am sure you are aware, I conducted interviews last night in the Student Conduct and Community Standards office. During the course of those interviews another question did come up, that I had not asked you.

Did you attend the Thirsty Thursday event?

Thank you,

The event was deleted on Facebook due to the report from Thursday, so it isn't possible for me to get a screenshot of it.

Hello

1. No, I don't believe I have access to anything further that could help.

2. There are currently 36 members in the chat, but only after [redacted] left earlier today/tonight.

3. The purpose of the group is really everything under the umbrella. It only includes active, initiated chapter members and is used as an easy way to communicate things within the chapter, make jokes, really anything a member can think of.

4. Attached

5. Off campus. The address is [redacted]. Also the residence of [redacted]

6. A few cases of Natural Light beer for the males were purchased along with multiple boxes of wine for the females.

7. An exact number is difficult if not impossible to give. I would guess around 50 people.

8. Many of the chapter members in attendance were in the pictures previously supplied. [redacted] among others were in attendance.

My name is [redacted], and I serve as the Associate Director for Student Conduct and Community Standards. I have been receiving your reports on Beta Theta Pi, and appreciate your willingness to share photos/screenshots as well as providing a brief explanation of what occurred on August 24, 2018. I did have a few questions for you, to help with the investigation of this case, if you are willing to answer them.

1. You submitted additional screenshots last night, do you have any more screenshots or photos you would be willing to share to assist in investigating this matter?

2. How many people are in the “SMNH: With Campus as an Exception” GroupMe?

3. What is the purpose of the “SMNH: With Campus as an Exception” GroupMe? (Specifically set up to advertise for this event, used for other things, includes chapter members only, etc.)

4. Would you be willing to share screenshots of the members of the GroupMe? If this information were used in a hearing all information would be redacted, especially if your name is present in the list of members.

5. Did the Thirsty Thursday event take place off campus or on campus?

6. Do you happen to know what kinds of alcohol or how much alcohol was present at the Thirsty Thursday event?

7. Do you happen to know how many people were in attendance at the Thirsty Thursday event?

8. Would you be willing to share any names of individuals who attended the Thirsty Thursday event?
