Subject: Videotape of 1961 Freshmen football games (there were 5 of them) and the 1961 spring game

Dear Mr. Boatright:

I was a freshman on the 1961 Wichita University football team.

I started all 5 freshman games . Our freshman team had 55 boys on full scholarship but only 22 were able to suit up for the last freshman game against Arkansas in Fort Smith, Arkansas.

I was named the outstanding defensive lineman newcomer of the year in the 1961 spring game for my fierce defensive play. That "fierce" play of course was against a guy named Bill

Parcells (now Fox TV's lead NFL analyst).

Got a little history with Parcells and would like to revisit it.

Please consider this a request under the Kansas Open Records Act.

Thanks for your prompt attention to these matters.
