Subject: Public Records Request

Under Kansas freedom of information law, I am requesting copies of the following public records related to the following Athletic Department employees:

- 1) The current employment agreement/contract for Todd Butler;
- 2) The current employment agreement/contract for Mike Steele;
- 3) The current employment agreement/contract for Brian Walker;
- 4) The current employment agreement/contract for Scott Gurs;
- 5) Current salary information for each employee, if not already reflected in their contract;
- 6) Any outside income reports for these same employees for the last four years.
- 7) If any of these people do not have employment contracts and/or are considered "at-will" employees, I would request any documents associated with their hiring (letters of engagement, letters of offer, memoranda of understanding, etc) as well as current salary information, hiring date, and bonus/incentive information for the last two years

If possible, I would like these records in digital form via email. Please contact me at this email address if you have any questions regarding this request.

Yours truly,

David Phelps
