**Subject:** kora request

Dear Mr. Moses:

Please consider this email a request under the Kansas Open Records Act. I was sent your way by Brad Pittman in Athletics.

Please provide me with the follow: How much the athletic department is spending to provide ASM at basketball and other venues. I'll need the total cost, how many metal detectors are being bought, the cost of those and how much the department is spending on additional security personnel broken down by armed officers and unarmed security. Please include any other costs (such as wands, storage or transportation)

Thanks very much,
